

# Almost Slipped

## Meek Mill

Ugh, every bitch I'm fuckin'  
Say they only fuckin' me  
I even bought you diamonds  
Put you in that double seat  
The way you love the game  
You couldn't be in love with me  
I work too hard for my name to  
Let a bitch put mud on me  
So how can I trust you? (Trust you)  
When all the rich niggas fucked you  
(Fucked you)  
Make you my baby, I'd love to (Love to)  
You was a dime, but I dubbed you  
(Dubbed you)  
When I first bagged you  
That shit had me excited  
Swimming in that pussy, girl  
I swear there's nothing like it  
I got plans to cut you off  
I know that you won't like it  
I knew that it would come to this  
I seen it like psychic  
Turned you to a savage (Savage)  
I won't forget you, you a bad bitch (Bad bitch)  
I set you up so you could level up (Level up)  
But you was used to being average (Average)  
Jumpin' on jets, you was caught up in the life  
They gassed you on Instagram  
You caught up in the hype  
A ho gon' be a ho, so ain't no use for no advice  
When you crossed me, you lost me  
Can't let you cross me twice  
I almost fell in love with a thottie (Oh)  
My dawg said "You got too many bodies" (Ooh)  
Girl, that pussy had me like a zombie (Oh)  
I gotta pour out my feelings that's inside me, yeah  
What happened in the dark is gon'  
Come to the light (Come to the light)  
Magic from the start, you was fuckin' me right

(Fuckin' me right)  
Treat me like a king baby talk to me nice (Talk to me) You fucking with a ball player  
And now acting bougie  
Seen you out in traffic you act like  
You never knew me  
I just bust out laughing when  
I seen with you that goofy (Ha)  
Savage for that money, you like  
Ginger from the movie, ooh  
I almost fell in love with a ho  
I still dream of me fuckin' you slow  
Ass so fat all the stuff from the back  
I still watch all our old videos  
And I still hear that pussy callin' (Callin')  
It's so wet, slippery, it let me fall in  
And from the way you treated me  
Almost went all in (All in)  
Had to check your mileage and  
I started stallin' (Stallin')  
'Cause relationships turn into situationships  
I know you don't wanna hear this  
Player shit, but baby I'm made for this  
You made your bed, you gotta lay in it  
My heart can't play with this (No)  
Gotta save myself before I try to save a bitch (Woah)  
I ain't been cuffing on no hoes and I ain't gon' start  
Had to protect my wrist, protect my heart  
(Protect my heart)  
Had to protect my wrist, protect my heart  
Because this cold game left my heart  
cold, now I promise it ain't my fault  
I almost fell in love with a thottie (Oh)  
My dawg said "You got too many bodies" (Ooh)  
Girl, that pussy had me like a zombie (Oh)  
I gotta pour out my feelings that's inside me, yeah  
What happened in the dark is gon'  
Come to the light (Come to the light)  
Magic from the start  
You was fuckin' me right (Fuckin' me right)  
Treat me like a king baby talk to me nice  
(Talk to me) Ugh, I gotta keep a vest on my heart  
(On my heart)  
You the reason the good  
Women got it hard (Got it hard)  
Shit, we was good until our feelings got involved

That's when I did homework  
And then I really got involved, oh  
Oh, and I don't know how I'ma go 'bout it  
Now a nigga coldhearted, baby, nobody  
Get this hard, you suck the soul out me  
Found out you a whole thottie  
And you got a whole lotta bodies, nobody  
No, you let what we had die young (Die young)  
And that's word to low-rider (Low-rider, no, no)  
Soon as I thought I got one, I was like I almost fell in love with a thottie (Oh)  
My dawg said "You got too many bodies" (Ooh)  
Girl, that pussy had me like a zombie (Oh)  
I gotta pour out my feelings that's inside me, yeah  
What happened in the dark is gon'  
Come to the light (Come to the light)  
Magic from the start  
You was fuckin' me right (Fuckin' me right)  
Treat me like a king baby talk to me nice  
(Talk to me)
