

Fear (Hybrid's Super Collider Mix)

[Sarah McLachlan](#)

Morning smiles
Like the face of a newborn child
Innocent unknowing

Winter's end
Promises of a long lost friend
Speaks to me of comfort

But I fear
I have nothing to give
I have so much to loose here in this lonely place
Tangled up in our embrace
There's nothing I'd like better than to fall

Wind in time
Rapes the flower trembling on the vine
And nothing yields to shelter it from above
They say temptation will destroy our love
The never ending hunger

But I fear
I have nothing to give
I have so much to loose here in this lonely place
Tangled up in our embrace
There's nothing I'd like better than to fall

But I fear
I have nothing to give
I have so much to loose
I have nothing to give
I have so much to loose

Morning smiles
Like the face of a newborn child
Innocent unknowing

Winter's end
Promises of a long lost friend
Speaks to me of comfort

But I fear
I have nothing to give
I have so much to loose here in this lonely place
Tangled up in our embrace
There's nothing I'd like better than to fall
