My Diamond

Ayefore

You are the Lady in My LifeI'm a rich man
They cut my lights off yesterday
And I don't have the money to pay
My baby lights a candlelight anyway
So we're OK
I'm a rich man
But I don't have a job currently
And that's just fine with my baby and me
Cause we find other ways to keep busy
You know what I meanChorus
You're my diamond
Baby I love the way you shine
Shine baby (Shine baby)
your my diamond girl I'm so glad to say you're mineI'm a rich man
But I don't have a car to drive
And truthfully I don't even mind
My baby walks around with me all the time oh yeahI'm a rich man
Said I'm the wealthiest man in the world
But I've got no money no goals no string of pearls
I don't need nothing as long as I got my girl
cause she's my worldrepeat chorus
