Move Your Body

The Isley Brothers

(I like you Ronnie)
Come here, shorty back it up right over here, baby
Back it up right over here
Right there, yeah, slow
Don't move
You got a body on you, baby
Work your body
Work your body
You got a body baby, see some things
How you do your thing, baby?
Lord, have mercy
Yeah, yeah, yeah, I like that
Right like that, right like that
Like that, like that
Work it, work it, work it, work it
I like the way you move your body
So soft and so gentle you're moving your body
I like the way you move your body
Move your body, move your body
Move your body, move you're body
You've got that thing that drives me crazy
Girl, can we go half on a baby
I'll be your freak, you be my lady
'Cause it's your hips, your thighs, your lips, your eyes
Girl, would you be my private dancer?
You're all I need, you got the answer
Girl, you're my heat, you're my fire
'Cause it's your hips, your thighs, your lips, you're eyes
I like the way you move your body
So soft and so gentle you're moving your body
I like the way you move your body
Move your body, move your body
Move your body, move you're body
Inside my mind, you got me trippin'
Inside my head, I see you strippin'
Tap it just right and I'll be tippin'
Your hips, your thighs, your lips, your eyes

You got that thing that drives me crazy

Girl, can we go half on a baby
You got me wondering who's that lady
Your hips, your thighs, your lips, your eyes, you know
I like the way you move your body
So soft and so gentle you're moving your body
I like the way you move your body
Move your body, move your body
Move your body, move you're body
Play it, Earnie
Oh, yeah babe, yeah baby
I like the way, sho' 'nuff I like it
I like the way, you know I like it there
I like the way, sho' 'nuff I like it
I like the way, you know I like it
Dance with me, come an' dance with me baby
Dance with me, make romance with me baby
Dance with me, come an' dance with me baby
Dance with me, make romance with me baby
Dance with me, come an' dance with me baby
Dance with me, make romance with me baby
Dance with me, come an' dance with me baby
Dance with me, make romance with me baby
Oh baby, shake your body, baby
Come on, shake your body, baby
Come on, whew, shake your body, baby
Come on, oh shake it, baby
Come on move, move
Dance with me, come an' dance with me baby
Dance with me, make romance with me baby
Dance with me, come an' dance with me baby
Dance with me, make romance with me baby
Dance with me, come an' dance with me baby
Dance with me
