

# Who Were You With In the Moonlight

## Dollar

Who were you with in the moonlight  
Who was it holding you so tight  
Who were you with my loveWho were you with in the moonlight  
Who was it holding you so tight  
Who were you with my loveMaking me so sad  
Making me so sad (so so sad)  
Making me so sadYou say you don't belong to me  
I can't help feeling you're mine  
I wanna feel you close to me baby  
You say you aint got the timeWhy are you hurting me baby  
Why do you treat me so bad  
You're just a run-around lover  
Though I gave you everything I had  
Yes I gave you everything I hadWho were you with in the moonlight  
Who was it holding you so tight  
Who were you with my loveWho were you with in the moonlight  
Who was it holding you so tight  
Who were you with my loveWho were you with in the moonlight  
Who was it holding you so tight  
Who were you with in the moonlight baby  
Making me so sad (making me sad)  
Making me so sad (so so sad)  
Making me so sadThough I gave you everything I had  
Yes I gave you everything I hadWho were you with in the moonlight  
Who was it holding you so tight  
Who were you with who were you with  
Who were you with in the moonlight  
Who was it holding you so tight  
Who were you with in the moonlight baby  
Who were you with in the moonlight  
Who was it holding you so tight  
Who were you with my loveMaking me so sad  
Making me so sad  
Making me so sadWho were you with in the moonlight  
Who was it holding you so tight  
Who were you with in the moonlight  
Who was it holding you so tight  
Who were you with in the moonlight baby  
Who were you with in the moonlight

Who was it holding you so tight
