

# Dumb Inc.

## Moloko

Oh yeah... yeah oh yeah  
Dumb dumb. so sweet so young.  
You're not supposed to swallow your bubble gum. Chicken foot, dim suits  
Knuckle head. knuckle head  
Look what you've done Dumb dumbing it down  
Take a look around.  
You and me are free to be the dumbest in town.  
Young gun. excuse the pun.  
The pandemonium has just begun Dumb dumb.  
We're dumbing it down.  
Dumb dumb.  
We're dumbing it down. Dumb dumb.  
We're dumbing it down.  
Dumb dumb.  
We're dumbing it down. Got a head full of cotton wool  
But life for me. is never dull  
To fulfil you have to fill full  
I turned around and bought a round and poured another one  
Proud fool you're just too cool for school  
Full moon come soon  
And when the moon is not quite round  
Where can the missing bit be found  
Be proud to be profound. Dumb dumb  
We're dumbing it down.  
Dumb dumb.  
We're dumbing it down. Dumb dumb.  
We're dumbing it down.  
Dumb dumb.  
We're dumbing it down. Dumb dumb.  
We're dumbing it down.  
Dumb dumb.  
We're dumbing it down. Dumb dumb.  
We're dumbing it down.  
Dumb dumb.  
We're dumbing it down. Devoid  
We are malcontent  
We're not entirely sure of our intent  
Brain washed we suffer memory loss  
Ho hum play dumb come little boy lost.

Time bomb is ticking  
Quickening, quickening quickening, quickening, quickening..Dumb dumb.  
We're dumbing it down.  
Dumb dumb.  
We're dumbing it down.Dumb dumb.  
We're dumbing it down.  
Dumb dumb.  
We're dumbing it down...
