

Stay (feat. Victoria Monét)

T.I.

Hey stop goddamn fussin' all the time man, listen I love you and I know you love me too (I love you shawty)

I love you and I ain't ashamed to beg you to stay

Somehow, I get what I need from you

Shawty I get on my knees for you

And I get what I need from you

(So that we can be together forever) I get on my knees for you

You wanna go to war, wanna live in peace

You wanna be right or wanna be with me

You wanna go to war, wanna live in peace

You wanna be right or wanna be with me

Who? Me! Who? Me

You wanna be right or wanna be with me

Who? Me! Who?

That's not rhetorical, answer it, please I wonder would it matter much

If I never fucked and I just fell in love

Or maybe if I never fell in love and I just fucked

I swear, man, shit was simpler when I was sellin' drugs

You ain't know me then though, ain't that what ya think

You was in the bed, I was trafficking the thing

Man after everything we will never be the same

Man I'm tired of tellin' lies, know you sick of playin' games

I remember you got a tattoo, put my name on it

Put you in a wedding dress with a train on it

I went and spent a whole mil just to go chill

In Miami, and I be damned if she don't know my love real

How dare you compare me to dude, girl chill

My piece so close up on it, you don't see what it is

Shawty, I die, kill, for you if you keep it real

Go to jail, even if I gotta kneel I will I love you and I know you love me too (I love you shawty)

I love you and I ain't ashamed to beg you to stay

Somehow, I get what I need from you

Shawty I get on my knees for you

And I get what I need from you

(So that we can be together forever) I get on my knees for you

You wanna go to war, wanna live in peace

You wanna be right or wanna be with me

You wanna go to war, wanna live in peace

You wanna be right or wanna be with me

Who? Me! Who? Me

You wanna be right or wanna be with me
Hey listen, I ain't trippin' cause you caught me out there
But your reaction to it pushed me further out there I can't see you with no me
But, you left me and I'm just me
So, I'm gon' be what they gon' be
And I know he want you but they want me
Girl, together or apart
But you be forever in my heart, I swear
And even if we end up here, I know it hard
I never love that way again, I swear to God
I be breaking down, you be playing hard
She chose to bid it all, watch how you play your cards
Now you runnin' 'round town with education hatin' broads
Going at me, got me hot, but hold up, how is they involved?
And you can't say that I ain't changed
Your whole life since we met that day
And when we get it right, God bless that day
But until then, shawty, I just pray
And I just say I love you and I know you love me too
I love you and I ain't ashamed to beg you to stay
Somehow, I get what I need from you
Shawty I get on my knees for you
And I get what I need from you
(So that we can be together forever) I get on my knees for you
You wanna go to war, wanna live in peace
You wanna be right or wanna be with me
You wanna go to war, wanna live in peace
You wanna be right or wanna be with me
Who? Me! Who? Me
You wanna be right or wanna be with me
Hey listen, I ain't trippin' cause you caught me out there
But your reaction to it pushed me further out there
