Waxed Wings

Bury Tomorrow

Decide
It's now the time to make up your mind
Today's the day that you'll hopefully find
That freedom is granted our sentence has passed
And now we are floating towards the light

And as I fall I rue my mistakes
And my soul fades
I want to be where our dreams first met tonight
And as I fall into the sea, the waves consume me
I want to be where our dreams first met
We wore our hearts around our necks

Refrain:
Here I lay under the sun that burned my wings
Our dreams are broken for all of our faith has been taken away
Take me to the sky and far beyond the clouds
Forever captured in your mind
When you look to the sky
I'm in your eyes

And one day I'll take you there
To the point on the map where the sea meets the sky
(the sky)
Bring me the sun
The light
Through the rain
I made a pact the promise was set
Our efforts will not be in vain

If I gave you a chance would you open your arms wide? (3x)

Refrain:
Here I lay under the sun that burned my wings and
Our dreams are broken for all of our faith has been taken away
Take me to the sky and far beyond the clouds
Forever captured in your mind
When you look to the sky
I'm in your eyes
