Country Comes to Town

[Toby Keith](#)

Well the weatherman said it might storm today
I gotta hit the field, gotta bail some hay
And I can't let it rain on my daddy's farm
'Til I get it all stacked up high in the barnAnd I'm gonna call my baby, she's been waiting on me
She lives down town on Sycamore street
And the wheels on the black top are startin' to whine
As I pass that Oklahoma city limit signI'm a hayseed and a plow boy
I'm a farm kid and a cowboy
I'm a roughneck, my daddy was a roughneck tooI run around with hillbilly girls
When weekend sits on my hillbilly world
You better be ready when the sun goes down
That's when country comes to townWell her daddy said, "Child you better let him be"
Well I don't like him and he sure don't like me
Momma just says, "Ya'll have a little fun"
Said, "Ain't doin' nothing me and papa ain't done"And open up the door to my pick-up truck
And my baby jumps in and she fires it up
And she gives me a kiss as I crawl in
We've been waiting all week for a weekendI'm a hayseed and a plow boy
I'm a farm kid and a cowboy
And I'm a roughneck, my daddy was a roughneck tooI run around with hillbilly girls
When the weekend sits on my hillbilly world
You better be ready when the sun goes down
That's when country comes to townYeah it's true I run around with hillbilly girls
When the weekend sits on my hillbilly world
You better be ready when the sun goes down
That's when country comes to town
Here I come
