

# If You Really Want It

## The Simpkin Project

If you really really want it, really really want it  
I know you can get it, if you really want it  
You must give your all, get back up when you fall  
If you really want it, I know you can get it

You must be cool collect and strong  
You must be sure the path your on is truly the right one  
get ready here we come

Chorus

You mustnâ€™t sleep on it my friend  
You must stay on it till the end, to destiny attend,  
receiving whatâ€™s been sent

Chorus

Now just remember, You must be patient and be clear  
you must walk the path with care, keep pushing be prepared  
see now weâ€™re almost there

Chorus

You must be cool collect and strong  
You must be sure the path your on is truly the right one  
get ready here we come

Chorus

---
