

# My Brother, My Friend

[Brandi Sue Ryland](#)

My brother my friend  
Oh, my brother my friend  
You're beautiful within  
You're beautiful  
What a heart of gold  
Shinning on the horizon  
Just to remind me  
Until we meet again  
This is not goodbye  
This is not goodbye  
My brother my friend  
This is not goodbye  
My brother my friend  
My brother my friend
