Clock strikes twelve and moon drops burst  
Out at you from their hiding place  
Like acid and oil in a madman's face  
His reason tends to fly awayLike lesser birds on the four winds  
Like silver scims in May  
And now the sand's become a crust  
Most of you have gone awayCome Susie dear, let's take a walk  
Just out there upon the beach  
I know you'll soon be married  
And you want to know where winds come fromWell, it's never said at all  
On the map that Carrie reads  
Behind the clock back there you know  
At the Four Winds BarHey, hey, hey, heyFour winds at the Four Winds Bar  
Two doors locked and windows barred  
One door to left to take you in  
The other one just mirrors itHey, hey, hey, heyHellish glare and inference  
The other one's a duplicate  
The Queenly flux, eternal light  
Or the light that never warmsYes the light that never, never warms  
Or the light that never, never warms  
Never warms, never warmsThe clock strikes twelve and moon drops burst  
Out at you from their hiding place  
Miss Carrie nurse and Susie dear  
Would find themselves at Four Winds BarIt's the nexus of the crisis  
And the origin of storms  
Just the place to hopelessly  
Encounter time and then came meHey, hey, hey, hey  
Hey, hey, hey, heyCall me Desdinova, eternal light  
These gravely digs of mine  
Will surely prove a sight  
And don't forget my dog, fixed and consequentAstronomy, a star
