# EXTERMINATE!

## Amen

They shake, what's your fear?
Bet your life you like to fear
They take what you've got
And I make sure that they've goneToo bad you'll never get to know
Too bad they'll never let you go
It's too hard to believe in what you ever read
Too bad you'll never get to know
They'll eliminate youThey got fear in your head
Never get your money here
Fear in your head, take your money here
Stand in line, do a line, stand in lineToo bad you'll never get to know
Too bad they'll never let you go
It's too hard to be believe in what you ever read
Too bad they'll never let you know
Eliminate you, eliminate youThey bleed into your heads with your beds
They take their money from all your little hags
They spread the legs of all your little lambs
They ate [incomprehensible] human sacrifice demandsCan I feel, what you feel?
Can I feel, what you feel?
Can I feel, what you feel, what you feel?
Can I feel [incomprehensible]Eliminate! Eliminate!
Eliminate! Eliminate!
We'll eliminate!Eliminate! Eliminate!
Eliminate! Eliminate!
Eliminate! Eliminate!
Eliminate! Eliminate!
Eliminate! Eliminate!Too bad you'll never get to know
Too bad they'll never let you go
It's too hard to believe in what you ever read
Too bad they'll never get to know
They'll eliminate you, eliminate you
