

Miss Right (Prod By Stargate)

Ne-Yo

Hello, good evening
Came in here, shut the world out
Nothing to get into, nothing to bein' bout
Just grab a little bite, quite a little night
By no means looking for Miss Right
But hello, good evening
Clearly she was out with her girls alone (That I could tell)
Beautiful, barely any make-up on (So natural)
The kind that make you wanna put the games away
Think about the future, but first I'll say
Hello, good evening
Oh Miss Right, Miss Right
What are you doing here?
Oh Miss Right, wasn't expecting you tonight
Oh Miss Right, Miss Right
How about we disappear?
Said if you got no plans, baby if you got time
Come and be the rest of my life
Oh, Miss Right, yeah
But ain't it amazing?
Spend forever looking, all the time wasting
Soon as I throw my hands up and say I quit
Turn the corner and there my future sits
Hello, good evening
Clearly she was out with her girls alone (That I could tell)
Beautiful barely any make-up on (So natural)
The kind that make you wanna put the games away
Think about the future, but first I'll say
Hello, good evening
Oh Miss Right, Miss Right
What are you doing today? (What are you doin' baby)
Wasn't expecting you tonight
Oh Miss Right, Miss Right
How about we disappear?
Said if you got no plans, baby if you got time
Come and be the rest of my life
Please forgive if I'm forward , hmm
But this chance won't pass me by
'Cause, see, I'm looking at forever
And it's the most beautiful thing I've seen in my life
Ooh Miss Right
Miss Right, what are you doing here? (So what are you doin' here baby)
Wasn't expecting you tonight (I wasn't expecting you tonight, ohh)
Miss Right, how about we disappear?
Said if you got no plans, baby if you got time
Come and be the rest of my life (The rest my life)
Miss Right, what are you doing here? (The rest of my life)
Wasn't expecting you tonight

Miss Right, how about we disappear?
Said if you got no plans, baby if you got time
Come and be the rest of my life Said if you got no plans, baby if you got time
Come and be the rest of my life
