

Billy's Revenge

Robert Plant

Billy and Jenny will never get old
That's the kind of love in a story untold
Kisses are burning and a touch is so hot
Crazy with lovin' Wide as the sky and deep as the ocean
Crazy with love and wild devotion
Feeling went cool when the touching stopped
Crazy with lovin' She's been looking for someone
He's been looking for someone
Trouble gonna come someday Billy comes home and Jenny's not there
Walkin' the floor and tearin' his hair
Feeling went cool when the touching stopped
Crazy with lovin' He's been looking for someone
She's been looking for someone
Trouble gonna come someday Billy turned the corner
Goes through the night
Shaking in the shadows
Billy's only got one thing on his mind It's a heartbreak town
It's a heartbreak, heartbreak
Heartbreak, heartbreak She's been looking for someone
He's been looking for someone He's been looking for someone
She's been looking for someone
Trouble gonna come someday
Bye bye trouble, trouble gonna leave you now Billy and Jenny will never get old
That's the kind of love in a story untold
Kisses are burning and a touch is so hot
When you're crazy with lovin' you can't stop Billy and Jenny will never get old
That's the kind of love in a story untold
Kisses are burning and a touch is so hot
When you're crazy with lovin' you can't stop Crazy
Crazy
Crazy
