

What I Need

Jeannie Ortega

What I need?

What I need?

Why can't I just meet a total stranger
Fall in love and live happily ever after?

At the perfect ending to my story
The kind you only see in movies
Things never happen that way, do they?
In my reality the love just won't stay
It hurts like hell what I'm feeling
Is that the way love's suppose to be?
I've had enough, it's like a drug

I can't give up my feeling

I'm in his plans, my Superman, my baby
All I want is someone that could hold me down
That's gon' be around when I need him
Giving me that real love 'cause that's what he's about
Someone to ride with me that's what I need
I need someone whose sensitive is built up
Someones who really shows love
A real man, understanding but demanding
So proud and faithful to me
I need to feel like that there's someone I could run to
He gives me more of his time then he's got to
Gives me my space when I gotta go and do me
Supports what ever makes me happy
I've had enough, it's like a drug

I can't give up my feeling.

I'm in his plans, my Superman, my baby
All I want is someone that could hold me down
That's gon' be around when I need him
Giving me that real love 'cause that's what he's about
Someone to ride with me that's what I need
All I need is something real to me
Baby, all I want is to be happy in love
Someone that could hold me down
That's gon' be around when I need him
Giving me that real love 'cause that's what he's about
Someone to ride with me that's what I need
All I want is someone that could hold me down

That's gon' be around when I need him
Giving me that real love 'cause that's what he's about
Someone to ride with me that's what I need
That's what I need
That's what I need
