Your Disease

Palisades

In one moment I'm goin' all the way
I make my poetry everyday
And I'm frozen comin' right on time
I froze my mind with that serious rhyme
And I'm open comin' up inside
You know, my mind has got a grand design
And I'm flowin', goin' all the way
I make my point to be everyday, come on
And I wanna take you down but your soul cannot be found
It doesn't matter much you see 'cause your disease is killin' me
And you know it's only right 'cause it feels like paradise
And I know nothin' is for free 'cause your disease is killin' me
My mind's broken, I'm goin' up in smoke
If you breathe my toke I'm guaranteein' you choke
And I'm chosen to testify the masses
Wear dark glasses like the cops in Texas
All knowin' it's not a premonition
Kill the competition like a man on a mission
I'm blowin', comin' up inside like the Bee Gees cry
I'm just stayin' alive, come on
And I wanna take you down but your soul cannot be found
It doesn't matter much you see 'cause your disease is killin' me
And you know it's only right 'cause it feels like paradise
And I know nothin' is for free 'cause your disease is killin' me
So now I'm finally goin' down
Can I find my way back home?
Now there's no one else around
Can I find my way back home?
Will I ever see the light
Even though I'm fallin'?
(Will there ever be any peace for me)
Even though I'm falling
(Will there ever be any peace for me)
Even though I'm falling
(Will there ever be any peace for me)
And I wanna take you down but your soul cannot be found
It doesn't matter much you see 'cause your disease is killin' me
And you know it's only right 'cause it feels like paradise
And I know nothin' is for free 'cause your disease is killin' me

And I wanna take you down but your soul cannot be found
It doesn't matter much you see 'cause your disease is killin' me
And you know it's only right 'cause it feels like paradise
And I know nothin' is for free 'cause your disease is killin' me
