

# Shed Some Light (Live Acoustic from Kansas City)

## Shinedown

I'm falling apart again  
And I can't find a way to make amends  
And I'm looking in both directions  
But it's make believe, it's all pretendSo,  
Shed some light on me  
And hold me up in disbelief  
And shed some light on me  
And tell me something that I'll believe inIt's innocence within the maze  
But I have chosen the wrong way  
I'm still getting over who I was  
There's no sense of trust, there's no definition of loveSo,  
Shed some light on me  
And hold me up in disbelief  
And shed some light on me  
And tell me something that I'll believe inI know now, it's not who you are  
It's who you know  
And I see clearly now, which way to go  
I remember the way I fell from above  
And I recall the way I wasSo,  
Shed some light on me  
And hold me up in disbelief  
And shed some light on me  
And tell me something that I'll believe in  
Shed some ling on me  
And hold me up in disbelief  
And shed some light on me  
And tell me something that I'll believe  
Tell me something that I'll,  
Tell me something that I'll believe  
Tell me something that I'll believe  
Something I'll believe
