

# Death Day

## Alien Ant Farm

I slowly shoot these words like weapons  
And go insane  
I watch you drive your stupid car  
You go away  
You never were one to use caution  
And you're gonna pay  
You know I'd love to see it happen I always tried to keep you near me  
Without the pain  
I love to tie us into knots  
We slipped away  
I tried to captivate you on that evening  
He was leaving  
With the girl I'd love to kill Happy death day to you baby  
I know you're flying in the blue now  
Be together real soon now baby, don't you worry  
Papa's got a brand new body bag for you Cable cars run through my mind  
Reminiscent bay  
I think of north on Valentine  
I wish you'd stay  
You never were one to use caution  
It slipped away  
I somehow knew this would happen Happy death day to you baby  
I know you're flying in the blue now  
Be together real soon now baby, don't you worry  
Papa's got a brand new body bag for you  
And I got a fresh new kind of attitude I slowly shoot these words like weapons  
And go insane  
I watch you drive your stupid car  
You go away  
You never were, you never were  
You know I'd love to see it happen, yea Happy death day to you baby  
I know you're flying in the blue now  
Be together real soon now baby, don't you worry  
Papa's got a brand new body bag for you Happy death day to you  
I know you're flying in the blue  
Be together real soon now baby, don't you worry  
Papa's got a brand new body bag for you Papa's got a brand new body bag for you  
Daddy's got a brand new body bag for you

And he ain't ever ever comin' back to you
