Leave Your Pretty To Me

Semi Precious Weapons

Let her love you the only way she can
With bottles and her momma's cigarettes
Let her love you the only way she can
She poses before she blows up againThe only thing that ever came easy
To her was me
The only thing that ever came easy
To her was me and tragedySo girl, go ahead and drink
I can only be so many things
Girl, go ahead and drink
I can only be so many thingsBut when you leave, please
Leave your pretty to me
Let her lose you the only way she can
Gorgeous, passed out on the cement
Let her lose you the only way she can
Crying but laughing, brilliantThe only thing that ever came easy
To her was me
The only thing that ever came easy
To her was me and tragedySo girl, go ahead and drink
I can only be so many things
Girl, go ahead and drink
I can only be so many thingsAnd when you leave, please
Leave your pretty to meThe only thing that ever came easy
To her was me
The only thing that ever came easy
To her was me and tragedy
So girl, go ahead and drink
I can only be so many things
Girl, go ahead and drink
I can only be so many thingsGirl, go, girl, go drink
Girl, go ahead and drink
I can only be so many things
Girl, go ahead and drink
I can only be so many thingsBut when you leave, please
When you leave, please
When you leave, please
Leave your pretty to me
