

# You Made Her

Scott Helman

She's your girl and she has your eyes  
And we take your car  
But she always tells you the truth  
You were sure that she'd measure up  
Never let you down till she brought me round We were non stop  
Going non stop  
We were like a big thought in the small talk I've a photo  
Of your failure  
I'm a trophy of gold made of paper  
She's your daughter  
Miss behaviour  
You don't like what you got but you made her  
You don't like what you got but you made her  
You don't like what you got but you made her  
So look at us and you  
See yourselves in our vintage tees  
Like you thought you would at 16  
We're not tourists in a foreign land  
But we love it here cause we'll never land We were non stop  
Going non stop  
We were like a big thought in the small talk I've a photo  
Of your failure  
I'm a trophy of gold made of paper  
She's your daughter  
Miss behaviour  
You don't like what you got but you made her  
You don't like what you got but you made her  
You don't like what you got but you made her  
Yeah maybe we'll be perfect  
But then they'll think we're perfect  
And why the hell would we ever wanna feel they deserve it  
Cause baby if we're lovely  
Well then they're lovely too  
So let's be stupid even if that's what your parents do I've a photo  
Of your failure  
I'm a trophy of gold made of paper  
She's your daughter  
Miss behaviour  
You don't like what you got but you made her

You don't like what you got but you made her  
You don't like what you got but you made her
