

# What Can I Give

**Fred Hammond**

I've questioned, but I still don't know the reason why  
When trouble shook my ground, You stayed around  
So faithful, Your love has been to me  
And Lord, I'll always love You for the rest of my days  
What can I give in exchange  
For the love You've shown me everyday  
My very life, just don't seem like enough  
But I'd rather give to You and I'll throw in all my love  
I'm so grateful that Your love is available  
It hears me when I call and it lifts me when I'm low  
Lord no other love, worthy to receive such praise  
So I give You, all of my life and love You for the rest of my days  
What can I give in exchange  
For the love You've shown me everyday  
My very life, just don't seem like enough  
But I'd rather give to You and I'll throw in all my love  
I'll waste no more time  
'Cause there is no more doubt in my mind  
For Your love means the world to me  
That I'd go another day  
Without giving You all of me for all Your love  
What can I give in exchange  
For the love You've shown me everyday  
My very life, just don't seem like enough  
But I'd rather give to You and I'll throw in all my love  
What can I give in exchange  
For the love You've shown me everyday  
My life, just don't seem like enough
