Killing Culture

Maxim

Walk the waves which I emmenate
Displace the friend of a better taste
I prove the relics of my onslaught
Deny the truth and you will get caught
Design, project to clear your minds eye
Raise tension, cloud of fear barrier, fear carrier
Hallucinator, mind captivatorThe pace that I conjure
Original, a miracle I wonder
I feed the addict to my venom
Rhythmic, smooth rock the pendulum
Myself a so glorious
I play with hopes till victorious
Gridlock within my prison
Spitting face of pure ismsKilling the culture
(Killing the culture)
Killing the culture
(Killing the culture)
Creatin' culture
(Creatin' culture)
Kissin' more contracts
Suicidal impactYou've been iced, my secret sinner star
I cast the shadow of a sorcerer
A thousand acres of critics
Two thousand hectares of addicts
Terrify, test ambition
Entice your soul, drive my piston
Reflect your soul in the mirror
Vice captain the true sinnerIntellect when I battle
Silence snakes when I rattle
Ideas breed like algae
A beast of pure obscenity
Distort your only vision
A tyrant to the system
Fear the words spoken by the tounge
Move by force, yet to comeKilling the culture
(Killing the culture)
Killing the culture
(Killing the culture)
Creatin' culture

(Creatin' culture)
Kissin' more contracts
Suicidal impactOur father
Give us this day, our daily bread
And deliver us from evil and forgive those
Who trespass against usImpregnate points on psyche
Relocate your anxiety
Drop bombs, stain your eardrum
Release fear from the asylum
Bribe is guilt to hear my seminar
Forcin' will to be the major star
I'm a start inject the vaccine
The maxim in your bloodstreamDefy laws of physics
Dispel the myths from my cynics
Life for design, set the pace
Silent check, respect my space
Ignite a spark
Vicious and sharp
Face to face with the tutor
Bringin' hell to the piperKilling the culture
(Killing the culture)
Killing the culture
(Killing the culture)
Creatin' culture
(Creatin' culture)
Kissin' more contracts
Suicidal impact
