

When Finally Set Free

Copeland

Feel the pain teaching us
How much more we can take
 Reminding us
 How far we've come
Let the pain burn away
 From our hearts
 We have time to start
 All over again
Feel the pain teaching us
How much more we can take
 Reminding us
 How far we've come
Let the pain burn away
 From our hearts
 We have time to start
 All over again
Feel the pain teaching us
How much more we can take
 Reminding us
 How far we've come
Let the pain burn away
 From our heart
 We have time to start
 All over again
Well, if you would shine
Your love down here, oh
 Make our hearts
 As perfect as new
Oh, if you would shine
Your love down here, oh
 I promise I'll reflect it
 Right back at you
Oh, I promise I'll reflect it
 Right back at you
Oh, I promise we'll reflect it
 Right back at you
