U R Mine

Glenn Davis Doctor G

My baby boy, sweet baby boy
You know I'm gonna be there for you
I said, my baby boy, sweet baby boy
Hey, hey
I don't know how he got your number
Oh no, I didn't even know he knew your name
I guess it isn't any wonder when you think about it
Nothing's ever gonna be the same
My best friend told me she was having a baby
Something so right, just can't be wrong
Just when I thought she was fooling me
She started singing this song
U r mine
My one in a million
U r mine
My pride and joy
U r mine
My one in a million
The light of my life
My one in a million, boy
My sweet baby boy
I don't know what you're going to do about it
Oh no, does he even know what's going on
You seem to think there's no doubt about it
Hey hey hey, girl, you're gonna to have to be so strong
My best friend told me she was having a baby
And now she's singing this song
U r mine
My one in a million
U r mine
My pride and joy
U r mine
My one in a million
The light of my life
My one in a million
And whenever you need somebody
You know I'll always be there for you
Just call on me whenever you need to
Whatever you decide to do

My baby boy
(My sweet baby boy)
My best friend told me was having a baby
My baby boy, sweet baby boy
You know I'm going to be there for you
I said, my best friend told me was having a baby
My baby boy, sweet baby boy, hey
My best friend told me was having a baby
And now she's singing this song
U r mine
My one in a million
U r mine
My pride and joy
U r mine
My one in a million
U r mine
My pride and joy
U r mine
U r mine
U r mine
U r mine
U r mine
U r mine
U r mine
U r mine
U r mine
(My best friend told me she was having a baby)
Boy
