

Acting Out

Ashley Tisdale

Up above the surface, I was just a perfect child
But underneath it all, I was craving to be wild
Don't you judge by the cover, it's so far from what you see
I'm losing all my patience waiting on you to believe
I'm suffocating, I can't breathe
Let me out this cage, I'm not gonna hold back
I'ma break these chains, I'm taking control
Not gonna give you something to talk about
It's another side of me, I'm acting out
Set me free, I'm ready to show you
This is what I need, it's time to get dirty
I'ma show you what I'm talking about
It's another side of me, I'm acting out
Welcome to a new beginning, it's time to start the show
No, I don't think it matters if it's real or just a role
Once you get a taste of it, you'll be begging me for more
I'll give you something to remember once I hit the floor
I'm letting go of what you know
Let me out this cage, I'm not gonna hold back
I'ma break these chains, I'm taking control
Not gonna give you something to talk about
It's another side of me, I'm acting out
Set me free, I'm ready to show you
This is what I need, it's time to get dirty
I'ma show you what I'm talking about
It's another side of me, I'm acting out
I've been waitin' just to drive you crazy
Now it's my time, oh yes, it feels amazing
There's nothing left of what you've seen before
Let's be sure just to do what you're told
Just to do what you're told
Just to do what you're told
Do what you're told
Just to do what you're told
Do what, do what you're told
Let me out this cage, I'm not gonna hold back
I'ma break these chains, I'm taking control
Not gonna give you something to talk about
It's another side of me, I'm acting out

Set me free, I'm ready to show you
This is what I need, it's time to get dirty
I'ma show you what I'm talking about
It's another side of me, I'm acting out
Let's be sure just to do what you're told
I'm acting out
Let's be sure just to do what you're told
I'm acting out
Let's be sure just to do what you're told
I'm acting out
Yeah, yeah
I'm acting out
