

Trust Yourself

NoahStradamus

Change is an everlasting thing
Sometimes its the way
Sometimes it hurts
Pray that you'll get home safe
That you'll get a taste of what you're worth

You just gotta trust yourself
Don't believe in no one else
You just gotta trust yourself
Don't believe in no one else
Don't believe in no one else
(don't believe in em)
Don't believe in no one else
(don't believe in em)
You just gotta trust yourself
Don't believe in no one else
Trust yourself

No one else
Trust yourself
No one else
No one else

Trust in me
Trust... trustâ€™ trustâ€™

Pain when you touch an open flame
But you'll be okay.. even though it burns
Crave a little risk today
Take that leap of faith
Live in dangerâ€™

You just gotta trust yourself
(Ohhhhhhh)
Don't believe in no one else
(Nooooooo)
You just gotta trust yourself
(Ohhhhhh)
Don't believe in no one else

(Noooooooo)

Don't believe in no one else

(ohhhhhhhh)

Don't believe in no one else

(ohhhhhhhh)

You just gotta trust yourself

(ohhhhhhhh)

Don't believe in no one else

(ohhhhhhhh)
