

Rory Rides Me Raw

Vaselines

Galloping through the morning dew
There's only one thing that I want to do to you
And it's true that I'm going to do it soon
Galloping through the morning dew
There's only one thing that I want to do to you
And it's true that I'm going to do it soon

Rory, Rory ride me Rory
Rory, Rory ride me Rory
Rory, ride me slowly
Ride me raw, raw, raw

Galloping through the morning dew
There's only one thing that I want to do to you
And it's true that I'm going to do it soon
Stride on your back, rocking to ride
I got the feeling, we're gonna gallop alright
And it's true that I'm going do it soon

Rory, Rory ride me Rory
Rory, Rory ride me Rory
Rory, ride me slowly
Ride me raw, raw, raw

Galloping through the morning dew
There's only one thing that I want to do to you
And it's true that I'm going to do it soon

It'll take three to satisfy me
'Cause I'm more of a man than you'll ever be
Rory, ride me slowly, ride me true, ride me true
Rory, Rory ride me Rory
Rory, Rory ride me Rory
Rory, ride me slowly
Ride me raw, raw, raw
Ride me raw, raw, raw
Ride me raw, raw, raw, raw
