

Caught In the Middle

Dio

Looking inside of yourself
You might see someone you don't know
Maybe it's just what you need
Letting the river in you flow You can sail away to the sun
And let it burn you while you can
Or walk a long bloody road
Like the hero who never ran You'll feel it
You'll feel it
You'll feel the rush of it all Flying away into the clouds
You know you're losing your control
And finding your way in the dark
Like some poor forgotten soul You'll feel it
You'll see it
You'll feel the rush of the city lights
You'll feel it
I see it in your eyes, you're Caught in the middle
Just like the way you've always been
Caught in the middle
Helpless again Looking inside of yourself
You might see someone you don't know
Maybe it's just what you need
Letting the river I know that's in you flow You can feel it
You can see it
You know the rush of thunder, yeah
You'll feel it
I see it in your eyes, you're Caught in the middle
Just like the way you've always been
Caught in the middle
Helpless again
Like the rush of a thunder
That brings you under
There's some kind of spark
You're caught right there in the middle
You're caught in the middle
Caught in the middle again
All night long yeah hmm hmm hmm
You break it off in the middle
