

Goodnight Moon

[Jack Ingram](#)

Goodnight moon, goodnight stars
Goodnight old broke down cars
Im going away, Im leaving soon
Goodnight darlin, goodnight moonI dont know where Ill be
And I dont know if Ill see
Out the window of my room
Shining down, goodnight moonThank you Im gonna miss you
When the night comes round
Thats when I long to kiss you
When the moon shining on the groundGoodnight moon, goodnight stars
Goodnight old broke down cars
Im going away, Im leaving soon
Goodnight darlin, goodnight moon
