

Shout

Meredith Brooks

It's 2:00 a.m. and the neighbors are jumpin'
Mr. Cray threatens to call the police
He jumps out of bed hits his head
Now you got something to really shout about
Everybody's got their eye on the T.V.
Did Bill and Monica do it the floor
The bombs go off and we're at war
Now we've got something to really get mad about You got something to shout about baby
Yeah something to shout about
'Cause if you're gonna shout
Do it good and loud
Get something to shout about
Yeah yeah yeah shout it shout about The stewardess doesn't have vegetarian
There's no leg room, you've seen the movie twice
The plane goes down and smashes on the ground
Now you've got something to really freak you out You got something to shout about baby
Yeah something to shout about
'Cause if you're gonna shout
Do it good and loud
Get something to shout about
Yeah yeah yeah shout it shout about So much wasted on unimportant things
Throw away the precious time
When there's so much that really needs changin' You're driving home and the traffic isn't budging
Layin' on the horn adding to the mess
Then Y2K shuts down LA
Now you got something to really freak you out You got something to shout about baby
Yeah something to shout about
'Cause if you're gonna shout
Do it good and loud
Shout it out Get something to shout about baby
You need something to shout about
'Cause if you're gonna shout
Do it good and loud
Shout it out, shout about
