

Take Me There (remix)

Blackstreet

Yeah, uh huh, uh huh I wanna take you there
I wanna take you there
I gotta take you there
I gotta take you there I wanna take you there
I wanna take you there
To the blackstreet
Black, black, black, blackstreet I wanna take you there
I gotta take you there
I gotta take you there
I wanna take you there I wanna take you there
I gotta take you there
To the blackstreet
Black, black, black, blackstreet Take me there, I wanna go there
Take me there, let's go there
Take me to that great place
With wonders and wishes Take me there, I wanna go there
Take me there, you know where
Just take me to that great place
With wonders and wishes Sittin' here thinkin 'bout our yesterday
About what we did and how we used to play
Just the thought of you brings a smile upon my face
That's how it makes me feel to see you everyday Ooh, where we go, nobody knows
And what we do, is between me and you
So come on and take my hand, to that special place
Where smiles come to life and dreams come true Take me there, I wanna go there
Take me there, let's go there
Take me to that great place
With wonders and wishes Take me there, I wanna go there
Take me there, you know where
Just take me to that great place
With wonders and wishes Let's make a wish
Close your eyes and count to five
'Cuz you know that everything will be all right
I see the magic in your eyes
Strong enough, you know, to bring your dreams to life Ooh, where we go, nobody knows
And what we do, is between me and you
So come on and take my hand, to that special place
I don't want this dream to ever go away Take me there, I wanna go there
Take me there, let's go there

Take me to that great place
With wonders and wishes Take me there, I wanna go there
Take me there, you know where
Just take me to that great place
With wonders and wishes I wanna take you there
I wanna take you there
I gotta take you there
I gotta take you there I wanna take you there
I wanna take you there
To the blackstreet
Black, black, black, blackstreet I wanna take you there
I wanna take you there
I gotta take you there
I gotta take you there I wanna take you there
I wanna take you there
To the blackstreet
Black, black, black, blackstreet Take me there, I wanna go there
Take me there, let's go there
Take me to that great place
With wonders and wishes Take me there, I wanna go there
Take me there, you know where
Just take me to that great place
With, will you take me there? I wanna take you there
I wanna take you there
I gotta take you there
I gotta take you there I wanna take you there
I wanna take you there
To the blackstreet
Black, black, black, blackstreet I wanna take you there
I gotta take you there
I gotta take you there
I wanna take you there I wanna take you there
I gotta take you there
To the blackstreet
Black, black, black, blackstreet I wanna take you there
I wanna take you there
