I Believe

Ghost

It's the same old song that I always sing each year
But just because it's perennial doesn't make it less real
And I believe that you could be what I need to believe
I believe
Oh it just keeps coming 'round again
To just keeps coming 'round againThe conclusion I need is easily reached with you
You have given me all and there's nothing left to do
And I believe that you could be what I need to believe
I believe
Oh it just keeps coming 'round again
To just keeps coming 'round againI believe you could be
What I need to believe
I believe you could be
What I need to believe
I believe you could be
What I need to believe
I believe you could be
What I need to believe
I believe you could be
What I need to believe
I believe you could be
What I need to believe
I believe you could be
What I need to believe
I believe you could be
What I need to believe
I believe you could be
What I need to believe
