Footprints

Squeeze

I spent too much money, I looked far too glad
Now I have so little of what I once had
I had too many parties, I had too much time
I got so lazy and fell well behindNow the summer is over, I can count the cost
Footprints on the beaches are now footprints in the frost
The summer is over, I can count the cost
Footprints on the beaches are now footprints in the frostWe did so much damage deep in our insides
The party's over it's goin' home time
The cathedral is empty, no one's at home
Winter's approachin' paradise postponedNow the summer is over, I can count the cost
Footprints on the beaches are now footprints in the frost
The rain won't stop fallin' and the people look lost
Footprints on the beaches are now footprints in the frostI rang lots of numbers and walked many miles
I watched the Flintstones and I turned my dial
To a brand new station where the beat comes in
Now it's all over the winter beginsThe summer is over I can count the cost
Footprints on the beaches are now footprints in the frost
People with umbrellas disappear in the fog
Footprints on the beaches are now footprints in the frost
Oh in the frost, oh in the frost
