

Porn Star

Lynam

I wanna do you like a porn star
if you let it get that far
gettin' next to you
is all I wanna do
I love the way your dress
looks fallin' off your chest,
I don't mean to stare,
but you're so beautifulEverybody wants somebody
Everybody needs someone
So tonight let's get drunk together
and make fun of everyoneCome on, it ain't forever
I really want to know you on the inside
Come on, come on
What's the matter
Make it rightI wanna do you like a porn star
if you let it get that far
gettin' next to you
is all I wanna do
I love the way your dress
looks fallin' off your chest,
I don't mean to stare,
but you're so beautifulEverybody wants somebody
Everybody needs someone
So tonight let's get drunk together
and make fun of everyoneCome on, it ain't forever
I really want to know you on the inside
Come on, come on
What's the matter
Make it rightI wanna do you like a porn star
if you let it get that far
gettin' next to you
is all I wanna do
I love the way your dress
looks fallin' off your chest,
I don't mean to stare,
but you're so beautifulI don't mean to stare (7x)
But you're so beautiful
