

Kinda Miss You

Deborah Cox

You lied but I know the truth
But still I gave it to you
When I know I shouldn't stay with you
That's something that emotions will do Oh I.. convinced myself I was through
I even got someone new
Some nights I feel I want you still
Emotions got me feeling confused CHORUS (X2)
I.. I.. I.. I kinda miss you but I don't know why
Cuz being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why
I'm so addicted to you
I ain't afraid of the truth
Cuz somehow I end up back with you
That's something that emotions will do - ooh - ooh - ohh !BRIDGE
cos the fact now, that we moved on
Got another, but you're still the one
I think about the lonely night
I guess that's what emotions will do CHORUS (X2)
I.. I.. I.. I kinda miss you but I don't know why
Cuz being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why (Woaahhh.. heyy, heyy.) X4BRIDGE
Cos the fact now, that we moved on
Got another, but you're still the one
I think about the lonely night
I guess that's what emotions will do - ooh - ooh - ohh CHORUS (X2)
I.. I.. I.. I kinda miss you but I don't know why
Cuz being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why
