Live Right Now

James Durbin

...Believe in something
Life's simple
Burn out,fly high
Dreaming colours
Feel the fire
Hot and ...We turn the gates
We don't stop running
She's on a date
When she sees me coming
Pick up a day like there' s no tomorrow
No tomorrow
So don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
I wanna live right now,now,now,now,nowYou ...screaming,smiling,bleeding
Shining,feeling,something will
...it's a moment you're after...We turn the gates
We don't stop running
She's on a date
When she sees me coming
Pick up a day like there' s no tomorrow
No tomorrow
So don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
I wanna live right now,now,now,now,nowSo don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
I wanna live right now,now,now,now,nowShe's on a date
When she sees me coming
Pick up a day like there' s no tomorrow
No tomorrow
So don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
I wanna live right now,now,now,now,nowSo don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
Don't wanna live forever,ever,ever
I wanna live right now,now,now,now,now
