

Wicked Wonderland

[Lita Ford](#)

Sweat drips off our bodies breathing hard insanity. Tie you to the crucifix, perverted blasphemy. Whips and chains will please you I will have my way I feel the need i need the feel. You're my slave today, Hey! welcome to my Wicked Wonderland. Use you in my Wicked Wonderland On your knees Submit to me Mmmmmm... Do it I feel the need to conquer you, Body and Soul and Brain
No limits nothing's sacred, you will find pleasure in your pain
Sac religious give you more, Razor Blade Delight
Your screams will go unanswered, your ass is mine tonight Hey! Welcome to my Wicked Wonderland.
Use you in my Wicked Wonderland
Come inside my Wicked Wonderland
Screamin' in my Wicked Wonderland Taboo? Fetish? It's so sweet...
