Dark Days

ZaÃ¯a

Dark days, Dark days in this town
Aint got no place to lay his head down x2
So I say please, please, help him now
So I say please, please, help him now

we need love, need some loving now,
where is the love in this dark town? x2
i look north, south, east and west,
but I couldnt find no rest

foxes have holes, and birds they have nests,
but the son have man has nowhere to lay his head x2
so I say please, please, help him now
So I say please, please, help him now
