

# Dark Days

## ZaÃ±a

Dark days, Dark days in this town  
Aint got no place to lay his head down x2  
So I say please, please, help him now  
So I say please, please, help him now

we need love, need some loving now,  
where is the love in this dark town? x2  
i look north, south, east and west,  
but I couldnt find no rest

foxes have holes, and birds they have nests,  
but the son have man has nowhere to lay his head x2  
so I say please, please, help him now  
So I say please, please, help him now
