Where I'm Going

Down

Now don't you worry none
Leave this part of yourself behind
I'm givin' you back to yourselfSo should you make the change
(Make the change)
Or could you right them wrongs?
(Right them wrongs)
For I cannot replace where I am going
Where I am goin' on?So you're angry with me
(Angry with me)
What could be better, my love?
Have most of everything for yourselfHateful and deserved
(Hateful and deserved)
Charlie Manson's eyes
Are lookin' through you back to myselfSo should I act my age
(Act my age)
Or should I just not belong?
(Not belong)
For I cannot replace where I am going
Where I am goin' on?
Where I am going?
Where I am goin' on?
