

D & P Blues

Uncle Earl

I take to lovin like a fish takes to a lake

Its early in the morning and lord Im still awakeI was born in the country he thinks Im easy to rule

Well I was born in the country but I aint nobodys foolI got a man in KY and one in TN

And if Im lucky they both think they got meMomma says keep on lookin if theres something you cant find

I just want one man who can ease my troubled mindNow I take to drinkin like a bird takes to the sky

Get to feelin much better gonna srpout some wings and flyIm goin to the country to meet some friends of mine

Aint no man in the country can beat that good moonshine.Yodelodelayee. Yodelodelay hee tee!
