

Probably

Fool's Garden

Dan is drinking coffee
Mary's drinking tea
Betty's having breakfast
In the plastic surgery
Some say she's a beauty
Some may say she's mad
But she doesn't care what people say
And dyes her red hair black
You don't know what they will say
You probably've do it your own way
You don't know what they will see
Absolutely nothing! - Probably!
Tom is vegetarian
A little fool they say
His father wants to change his mind
He's trying every day
Anne is loving women
Fred is loving men
And everybody shakes their head
'Cause no-one understands
You don't know ...
In the corner plays a gypsy girl
With indians and with jews
Penny sings along with them
though she wears different shoes
You don't know ...
You don't know what they will do
Noone ever knows, you don't know too
You don't know what they will say
You probably don't need another way
