Never Too Late

The Rescues

Last night, you said you didn't know what you wanted Baby that's all right, I can help you see this one through I know you won't leave him, you think it's all wrong Why don't you open your eyes You're so unhappy but you keep hanging on So trust me, baby and you'll see It's never too late to change your mind, get out And take what you need, it's never too late So take your time, you just gotta believe One day, you'll look back and think you were crazy There's no way, that's how it gets you sometimes Right now, you can't let him go, there's something Inside you, I won't tell you, you should know It's so clear, baby, I'm right here It's never too late to change your mind, get out And take what you need, it's never too late So take your time, you just gotta believe One day, you'll come running to me, it's just A matter of time, I'm right here where you know That I'll be, so trust me and you'll see It's never too late to change your mind, get out And take what you need, it's never too late So take your time, you just gotta believe
