

# Outlaws

## Disciple

Do you live  
Do you think like they told ya  
Round your neck can you breathe  
When they hold ya  
Doin what they say  
A puppet on a string  
If you do just what they want  
They?ll promise you just about anything  
Can you believe  
Do you dream you can be free  
Take your hands off your eyes  
So that you see  
You?re more than just a face  
You?re more than just a name  
You?re more than labels  
That the hypocrites around you gave  
To all the outlaws  
All the outcasts  
If you wanna breathe  
Come on and fly with me  
To all the knocked down  
All the burned out  
You wanna be free  
Come on and fly with me  
To all the outlaws  
All the outcasts  
If you wanna breathe  
Come on and fly with me  
To all the knocked down  
All the burned out  
You wanna be free  
Come on and fly with me  
Do you burn  
Do you bleed when they touch ya  
Do you scream in your sleep  
While they cut ya  
More than just pretty scars  
That?s what they wanna leave  
Sit in a tattoo chair

They'll leave the Markings of a Beast

Do you believe

Do you dream you can be free

Take your hands off your eyes

So that you see

You're meant to rise above

Yeah, you were made to fly

You were made to sing and dance

Where angels never die

To all the outlaws

All the outcasts

If you wanna breathe

Come on and fly with me

To all the knocked down

All the burned out

You wanna be free

Come on and fly with me

To all the outlaws

All the outcasts

If you wanna breathe

Come on and fly with me

To all the knocked down

All the burned out

You wanna be free

Come on and fly with me

Say so long

To whatever you once were

Say so long

To everything that you once knew

We're more than faces

We're more than just names

We're more than labels

That hypocrites gave

We're the affection of the unseen

We are the sons and daughters of the King

To all the outlaws

All the outcasts

You wanna be free

Come on and fly with me

To all the outlaws

All the outcasts

If you wanna breathe

Come on and fly with me

To all the knocked down

All the burned out  
You wanna be free  
Come on and fly with me  
To all the outlaws  
All the outcasts  
If you wanna breathe  
Come on and fly with me  
To all the knocked down  
All the burned out  
You wanna be free  
Come on and fly with me  
Are you ready to fly?
