

# Surrender (Nick Fierce's Polarbabies Club Mix)

Laura Pausini

I can't pretend anymore  
That I am not affected, I'm not moved  
I can't lie to myself that I'm not always thinking of you You make me strong  
You show me I'm not weak to fall in love  
When I thought I'd never need  
Now I can't get enough I always made it on my own  
I always thought that I would keep control  
You changed everything I believe in  
And now I just can't fight this feeling baby I raise my hands and I surrender  
'Cause your love is too strong and I can't go on  
Without your tender arms around me  
I raise my hands and I surrender  
I don't wanna resist 'cause your touch and your kiss  
Have shattered my defenses  
I surrender I have to admit that I,  
I never thought I'd need someone this way  
Cause you opened my eyes so that I  
I can see so much more I always made it on my own  
I always thought that I would keep control  
You changed everything I believe in  
And now I just can't fight this feeling baby I raise my hands and I surrender  
'Cause your love is too strong and I can't go on  
Without your tender arms around me  
I raise my hands and I surrender  
I don't wanna resist 'cause your touch and your kiss  
Have shattered my defenses  
I surrender I surrender to this feeling in my heart  
I surrender to the safety of your arms  
To the touch of your lips  
To the taste of your kisses I raise my hands and I surrender  
'Cause your love is too strong and I can't go on  
Without your tender arms around me I raise my hands and I surrender  
'Cause your love is too strong and I can't go on  
Without you I surrender  
I raise my hands and I surrender  
'Cause your love is too strong and I can't go on  
Without your tender arms around me I surrender  
I can't pretend anymore

I can't lie to myself that I'm not always thinking of you
