

# Never Have I Ever

## Hot Chelle Rae

Never ever before  
Has a colorful world  
Held a colorful girl like you  
You gotta fly  
Never ever have I  
Been just black or just white  
All this freedom and flight has got me feeling high  
Never have I ever felt like this before  
I've never been the one to knock but now I'm at your door  
Well listen very closely you can hear the sound  
Of a love that makes my heart beat and my head spin around  
My head spin around, spin around, spin around, spin around, round, round  
I spin around, I spin around, I spin around  
(Let's all just turn into pure light)  
A passion runs from my heart  
The room is spinning to red  
The blood is leaving my head  
You're such a chemical  
It feels like fire and ice  
You bring my body to life  
Melting into the night just like a butterfly  
Never have I ever felt like this before  
I've never been the one to knock but now I'm at your door  
Well listen very closely you can hear the sound  
Of a love that makes my heart beat and my head spin around  
My head spin around, spin around, spin around, spin around, round, round  
I spin around, I spin around, I spin around  
Never have I ever felt like this before  
I've never been the one to knock but now I'm at your door  
Listen very closely you can hear the sound  
Of a love that makes my heart beat and my head spin around  
Never have I ever felt like this before (this before)  
I've never been the one to knock but now I'm at your door (at your door)  
Well listen very closely you can hear the sound (hear the sound)  
Of a love that makes my heart beat and my head spin around  
My head spin around, (spin around) spin around, (spin around) spin around, (spin around) spin around, round,  
round (spin around)  
I spin around (spin around), I spin around (spin around), I spin around
