Nursery Rhyme Breather

UNKLE

Does it mean that I'll let you know each time I turn inside
When I fully grow outsize you
But I won't let you fall in love you know it flows over me
And you won't let me drown insideSing a nursery rhyme to keep me quiet
Sing a nursery rhyme to keep me quiet
Woman please stay close to me, close to me
Carried through your ecstasyYou can't stop me breathing even when you're on fire
Know that you're weaving with my emotional wires
Flows through me, in through me, out through me
Over me, feeling me, feeding me electricallyIt's electric ballroom love
It's electric ballroom love
It's electric ballroom love
It's electric ballroom loveIt's electric ballroom love
It's electric ballroom love
It's electric ballroom loveDo do do do, do do do do
I have to breathe the air you breathe, I'm inside you
In a room inside a room, I'm inside you
The color changes follow your emotion
I can see when you're feeling desireI feel him close to you
While I just walk around inside you
Don't let him close to me
Not when you know it's not the oneThe one, the one
The one, the one
The one, the one
That you loveIt's electric ballroom love
It's electric ballroom love
It's electric ballroom love
It's electric ballroom loveIt's electric ballroom love
It's electric ballroom love
It's electric ballroom love
Keep me quietWon't you sing me a nursery rhyme
To keep me quiet while you're on fire
Won't you sing me a nursery rhyme
To keep me quiet while you're on fire
Won't you sing me a nursery rhyme
To keep me quiet while you're on firePlease just sing me a nursery rhyme
To keep me quiet, while I'm inside
Please just sing me a nursery rhyme
To keep me quiet, while I'm insideI won't let you fall in love

You know inside, the baby knows
I won't let you fall in love
You know inside, the baby knowsI won't let you fall in love
You know inside, the baby knows
I won't let you fall in love
You know inside, the baby knowsYour baby knows, your baby knows
Your baby knows, your baby knows
You're on fire, you're on fire
Keep me quiet, keep me angry
