

Weed Party

Band of Horses

I got you arrested because
The party come and gone
I am about to.. to set this off
Until weed party's dull
The wine is there to keep yourself
You got it wrong So I brought you plexi thoughts
And words were at a loss
It's a good day to skip because
The party's gonna call
The wine is there to keep yourself
But don't you ever listen at all
The parents are enforcing the law The wine is there to keep yourself
But don't you ever listen at all
The parents are enforcing the law
