Ghetto Kid

Kano

Im a ghetto kid
So why the ghetto shit?
I dunno what happend its just what the ghetto did
I wear my trousers low
Almost near my knees
And every where you go you almost always get this beef'cause im a ghetto kid
So i love ghetto chicks
And if we get together we could have a ghetto kid
I'll let these people know
Don't fuck with me
I've got my knife and i could get a 9 milliIm a ghetto kid
I said im just a ghetto kidIm a ghetto kid
East london were the metal is
Where big shotters lick out white mountains like everest
Most dont know were heaven is
Forgive me im rollin with deamon, im devilish
You all know that i never miss
Im a beat specialist
And niggers know im blowin up shows like a terrorist
And if they dont know then tell 'em this
K to the izo N O
And fucking just remember thisI rip it for the ghetto kids
Some niggers don't even know were the ghetto is
Please nigger find me a glass, no
See me in C town and roll with the V6 east six east town
Its me man, im just me im a gan
Ive been writin since P99
My hearts in the prison
I master the rhythem like heartless ambitionIm a ghetto kid
I do ghetto shit
